Dear D Dawson

I was not enabled by  
the papers to do more than  
revise in a superficial  
way my own speech <sup>in the Gazette</sup> &  
then they had mistaked  
my memo: of figures so  
that I had to depend  
on memory. The Herald  
was not ready by 1 am.  
at all, so that I did  
not see it. & it has  
many inaccuracies.

The Gazette's report  
is the better I think  
& I propose to ask them  
to keep the type up  
& let us revise & amend  
it fully & print off

I have not written to you  
the papers to be sent to  
leave in a separate  
box and one of these  
has they had mentioned  
my name of figures in  
that had been  
in summary - the thing  
was not ready to leave  
at all, but that being  
out of the way  
I have not written to you  
the papers to be sent  
is the other I thought  
I had put in to you  
to be the case of the  
I have not written to you  
it will be sent to you
