My dear Dr Dawson

I had already before receiving your letter yesterday rec^d. an application from Mr. Hall. There is however at present no chance of my being able to do any thing for him. Even if there were a vacancy wh^{ch} at present there is not, Canadians would have the preference. Thanks ^{the copy of} for your "Notes on Geology" - It will be an exceedingly useful little book for students. Very sincerely Yours
Alfred R. Selwyn.
