My dear Dr Dawson
I thank you for
your very valuable letter.
I wish you would, when
you have your facts as
to glacial spots & glacial
levels ready for it, give our
Journal a general statement
of them in an article. We
should be glad to publish
anything from you on the
subject. I spoke to our
Prof. Fisher about your
coming here when I met
him this morning, and

he replied that he thought
you were expected some
time in the Spring. I think
you will hear again from
the Medwegians on the subject.

Very truly yours
James W. Dana
