Dear Sir

I intend to begin to print this
work in March and send you
a prospectus (finding your name
among the supporters of the Victoria
Institute) in the hope that you
may see your way to further it
by kindly allowing me to add
your name to the subscribers a
sufficient number of whom I have
not obtained and those who appre-
ciate such researches I find - to
my disappointment - more
limited than I anticipated

In any case I would feel much
obliged by your bringing it

Under the notice of friends who
would be likely to become subscri-
bers and should you deem the work
worthy of your patronage a reply
at your early convenience would
oblige as it is important to me to
know how many copies I would
be justified in printing

I remain
Yours faithfully
W H Hobbs

As The Book Pastage to Canada being
the same as here the Price of the book
would be the same to subscribers
about Country

Thank the book referred to
without doubt be introduced
with advantage into the
Book club
