

21<sup>st</sup> March, 1882

Dear Doctor Dawson,

I have filled up  
the blank, after consult-  
ation with His Excellency,  
by providing for our  
first meetings in the  
Parliament Buildings,  
where we can have all  
the rooms we require. A  
public meeting in the  
evening can be held  
in a larger public  
hall. The names will

be registered in my  
Office, where my  
Secretary & myself can  
be in attendance.

You need not have  
sent back the list,  
as it was hastily made  
for you. I send you  
another; without residences,  
as you do not require them.

Yours,  
Wm. B. Brown
