

Passaic N.J. 21. March 1882

Principal J. W. Dawson D. D., F. R. S., etc

Dear Sir:-

On behalf of the Committee and
Lecturers of "The American Institute of Christian
Philosophy", permit me to enquire if you
would deliver one or two Morning Lectures
during our "Summer School" at Greenwood
Lake N.Y., on some topic within the
general subject of "Natural Theology". It
is proposed to have "The Summer School
of Christian Philosophy" opened on July
11th and continue about three weeks.

Our Institute is yet in its infancy,
but from the enclosed list of members you
will perceive that it is growing. Our
means as yet are somewhat limited,
but we are authorized to offer Sixty
Dollars for each Lecture with the
hospitality of the Institute to the Lector
as its guest while he remains
at Greenwood Lake.

Should you find it convenient
to comply with our request, please
reply at an early date, and state

also what day or days in the week
would best suit your convenience,
so that we can make some definite
arrangement.

Please address your reply
to the Chairman of our Committee
the Rev. Amory A. Bradford, M.A.,
Montclair, Essex Co. New Jersey,
U.S.A.

Very Respectfully Yours

W. D. Miller

} *Lecture Committee.*

☞ All applications for membership should be sent to Rev. Amory H. Bradford, Secretary, 4 Winthrop Place, N. Y., and all checks made payable to William O. McDowell, Treasurer, at the same address.

THE
AMERICAN INSTITUTE
OF
CHRISTIAN PHILOSOPHY.

OBJECTS.

THIS SOCIETY has been founded for the purpose of promoting the following Objects of high importance to both Religion and Science :—

FIRST.—To investigate fully and impartially the most important questions of Philosophy and Science, but more especially those that bear upon the great truths revealed in Holy Scripture, with the view of demonstrating the harmony between true Christianity and true Science.

SECOND.—To associate MEN OF SCIENCE and AUTHORS who have already been engaged in such investigations, and all others who may be interested in them, in order to strengthen their efforts by association, and by bringing together the results of such labors, after full discussion, in the printed Transactions of an Institution; to give greater force and influence to proofs and arguments which might be little known, or even disregarded, if put forwarded merely by individuals.

THIRD.—To consider the mutual bearings of the various scientific conclusions arrived at in the several distinct branches into which science is now divided, in order to get rid of contradictions and conflicting hypotheses, and thus promote the real advancement of true Science; and to examine and discuss all

supposed scientific results with reference to final causes, and the more comprehensive and fundamental principles of Philosophy proper, based upon faith in the existence of one Eternal God, the Creator of all things.

FOURTH.—To publish Papers read before the Society in furtherance of the above objects, along with full reports of the discussions thereon, in the form of a Journal, or as the Transactions of the institute, or in a Quarterly Review of Christian Science.

FIFTH.—When subjects have been fully discussed, to make the results known by means of Lectures of a more popular kind, and to publish such Lectures.

SIXTH.—To publish English translations of important foreign works of real scientific and Philosophical value, especially those bearing upon the relation between the Scriptures and Science; and to co-operate with other philosophical societies at home and abroad, which are now or may hereafter be formed, in the interest of Scriptural truth and of real Science, and generally in furtherance of the objects of this Society.

SEVENTH.—To found a library and Reading Room for the use of the Members of the Institute, combining the principal advantages of a Literary Club.

MEMBERSHIP AND SUBSCRIPTION.

The Annual Subscription for MEMBERS is Ten Dollars. The Annual Subscription for Associates is Five Dollars. One Hundred Dollars will constitute a Life Member, and Fifty Dollars a Life Associate.

Members are entitled to a free copy, by mail, of each number of the Official Publication which contains the papers read before the Institute; also to a free ticket to every course of Lectures delivered under the auspices of the Institute; also to a free use of the Institute's Library.
