

Montreal 23 March 1882

Dear Sir,

We are printing a list of Parkes Microscopes, priced for this Country, — Dr Oler has permitted us to refer to him in it, as approving of these instruments. I believe you approve of them also and if you have no objection, we shall feel much obliged by your permitting us to refer to you. —

The note will be somewhat thus: —

"We have much pleasure in referring to the following Gentlemen who have carefully tested their Microscopes and have found them satisfactory in every respect!" — Should

You wish any change in this
will make it to meet your
views. — An early reply
will oblige

Yours respectfully
