

Dear Dawson,

I send you French  
proof which, I assume, has  
been submitted to M.  
Chauveau.

Our Chief Translator thinks  
Congénères hardly applicable  
to fruits. "Pise" should  
also take place of "fartes"  
on fruit page. But I should  
hardly dare to say anything to  
M. Chauveau about that fruit  
word

Yours,  
Johes Bonrudy
