Amul

Montreal, Canada,

April 6/82

Dear Mr Dawson

I quite forgot
myself of a promise made some
time since & often forgotten.
Mr. Potts. the janitor at the
Nat. Hist. Society says his pay
is very inadequate & at present
prices hardly enables him to
live. He hopes the President &
Council of the Society will kindly
take his case into consid-
eration & relieve him by an
increase of salary. I promised
him I would speak to you about

it but have had so much to
speak of whenever we have
met that I have forgotten it.

The petition to the Privy Council
was yesterday acknowledged
by the Deputy Minister of State.
I have no further news.

Very sincerely
Yours

J. Sturgis Wood

P.S. De Winter has since written
that his Excellency had received
the two additional nominations &
sent them to Bourinot. I hope he
has not by mistake supposed they had
already been noticed & accepted. but if
not why send to Bourinot?

Dr. J. W. Dawson.
