

Journal
Senate 27th April 1882

Dear Dr. Dawson

I received the letter
for my signature; and handed it to
Caron; and he said he would lay
it before the Executive Council, and
should the Bill be proceeded with, oppor-
tunity would be given for you and other
Universities to be heard before Committee -
I also informed Sir A. Campbell what
I had done, he said all right I
hope it will be the last of it for
this Session, I understand the Foundation
Stone of the Theological College will be laid

on Wednesday next and hope you
will give us your presence. —

Yours very truly

L. L. L.
