My dear Dr Lawson

Regret not

seeing you when you called,
to say that I did not see the
Minister Caron this week;

I have had a Divorce Bill
on hand, hearing evidence in
Committee from half past ten a.m.
until 3 o'clock, when the House
meets, and I have not been very
well, to go after him in the
evening, although I kept your
letters

on my table to remind me -
but depend on it if I am as
well as at present, I will
see Baron, on Monday
afternoon, D. V. and write
you -

Yours very truly

J. Ferrier
