Dear Dawson

As Mr Gray Stephen is  
in town today, it will be well  
to remind him (he is such a  
bad off passenger) that we  
would like his 1<sup>st</sup> payment  
before close of this month &  
at same time to have him  
mention one date for future  
payments. —

I fancy that you can  
best get this settled, & I  
also think that a note  
will do as well as, & save  
you the trouble of a visit  
Yours faithfully

Dear Sir  
As the above letter is  
in your hands, it will be well  
to forward this to the  
bank of London, that we  
should be in the position  
before close of this month  
to have the same done  
in order to be able to  
pay the same.  
I fancy that you can  
let get the matter settled, &  
obtain that a note  
will be as well as to  
for the bank of London  
Yours faithfully
