Dear Sir -

I leave here to-day
for the Joggins N. S. to pick
up what I can in the way
of fossils for the Museum.
I should feel much obliged
if you could give me any
information as to the best
way of procuring specimens
of fossil teeth and other
bones of small animals,
such as you found. Any
information you can give
me, will be thankfully
received. If there is any
thing I can do for you, please
let me know. I expect

to be at theiggins about
three weeks, and to call at
Canlton on my way back

Yours respectfully
