

Friday morning

Dear Dr Dawson,

I send you the full
Official Minutes without delay,
since you wish to use them.

I give translation of letters of
French Papers, but in case it is
advisable to print them in French,
I send Sulte's abstract of the first
section's work.

I am awaiting Whiteaves'
report; will send it as soon as
received.

You see I give the Reports of
Council in full, as a matter of
course, & simply refer to Recommendations,
or again send & state amendments
when necessary. It is not necessary

to repeat recommendations
every time. This is the Parliamentary
form.

It will be necessary in memorial
to Queen, to transmit Special
copy of printed proceedings

Wm. Hart,
Rich. B. B. B.
