

THE ROYAL SOCIETY,

BURLINGTON HOUSE, LONDON. W.

July 28. 1882

Dear Sir

With this is posted
a book packet addressed to you.
It contains the proof of your
paper, and proofs of the plates,
with MS and original sketches:
all of which, I trust, you will
find satisfactory. The lithographer
has done his work very well.

If you send back the
packet here corrected by the
middle of September, that will

suffice for our purpose.

With a friendly greeting

I remain

faithfully yours
