My dear Sir

Since writing you
I see that Mr John Campbell
has written his papers identifying
the Iroquois & I think the
Algonquians, with the Negrian
races of N. E. Asia. Can
you inform me where it has
appeared & how I can
get it.

My defensive letter to
yourself was merely intended
for your eyes. I hope
you have been able to read
it.

(over)

I read with great pleasure
fr. both your papers on the
Haidas. I sent some special
Enquiries to Governor Cornwallis
I asked him to put them in
the hands of someone acquainted
with that people. This was
last autumn. I wish he would
have sent them to you.
There is a marvellous resemblance
of the Haidas that I have
met with that is absolutely
identical with one of the oldest traditions
of the old world. but I see
no trace of it in your papers or in
the Geological Report.

Believe me
dear fr.
Yrs very truly
C. Hamilton
