

B. R. 2^d August/82

Dear Dr Dawson

I recd your letter
with the card of invitation
I see nothing to criticize
in the letter but I am
in a state of wondering
admiration at your
courage in undertaking
to entertain such a
multitude - I hope by
all means "to be there to see"
Thanks for your kind
invitation

invitation, but we are
already engaged two
days and if ^{we} were not,
I should ^{not} think it right
(however desirable) to fill
room in your house which
you may want for
outside guests -

I must see you and
go over the whole
programms after it is
finally settled -

Yours sincerely

OR B. Day

Do you think you can
spare a couple of extra cards

cards for the 24th
