

Montreal 8th August 1882

My dear Dr. Dawson -

I returned ^{from a lecture} this fore-
noon and found your enclosure
awaiting me - I at once sat
down & wrote the enclosed please
look over them and see whether
they carry out your ideas in
referring them to me - The
balance which remains to
be done are merely clerical
and may be done at our
convenience, but there are
difficult & important - If
you could spare half an
hour to read over the draft
with me & discuss it if it
don't suit, would be an ad-
vantage - Excuse haste yours
L. Ryland

Mr. J. de - Melrose all the papers to be
sent to the printer - I found myself a
month ago - look over them and write
before they are printed
