MUSEUM & OFFICE, SUSSEX ST. OTTAWA.

August 8th, 1882.

To Principal Dawson C. M. G., L. L. D., &c.
Dear Sir,

Dr. Selwyn is absent in the Lake Superior Region & will probably not return until early in October. The proof of the Report on Devonian Plants has not yet reached me (though your letter in which you say that it was sent by the same mail has) but when it comes to hand I shall be glad to look it through as you ^{request} ~~request~~, & make any suggestions that may occur to me.

I have sent abstracts of three papers to be read at the Montreal meeting to Prof. Putnam, & hope to forward the specimens & diagrams to illustrate them next week.

Faithfully yours,
J. T. Whiteaves.
