My dear Sir,

Mr Sanford Fleming  
of this city has written to me from  
Halifax in reference to the actions  
of the A. A. A. S. respecting  
Standard Time, and his letter  
connected therewith. He informs  
me that resolutions were passed  
by the General Meeting of the  
Assoc<sup>n</sup>. He is anxious to know  
what disposition was made  
of his letter and whether he is?

obtain a copy of the resolutions  
and an acknowledgment of his  
letter - I do not know who  
the proper officer of the Assoc<sup>n</sup>  
is to whom to apply for this  
information. I have therefore  
taken the liberty of addressing  
you, in the hope that you  
may be able to supply the  
information desired.

Very sincerely yours

J. Thorburn
