

Ward's Natural Science Establishment,

No. 2 College Avenue (opposite University),

Rochester, N. Y., Sept. 23 1882.

Dr. J. W. Dawson;  
Montreal.

Dear Sir,

I enclose bills for the specimens which you kindly bought of us when we were in Montreal.

Please to take your own convenience in time of settling them.

Respectfully yours  
Henry A. Ward.

About the last day of my display at Montreal I broke a pane of glass in one of my table-cases. I at once got and took to the room another pane, cut to size, some putty and a putty-knife. Then, in my haste, I left town quite to put in the pane or to direct my assistant to do it. This I regret. But the pane and material is there, and probably the janitor will not mind the trouble of setting it. H. A. W.

Philadelphia, Pa. Sept. 23 1882

Dr. J. W. Brown; Member.

Dear Sir,  
I enclose this for the opinion  
which you think best of as when we  
are in the future.  
I have to thank you for our  
contribution of nothing more.  
Respectfully yours  
Henry W. Ward.

Ward  
Sept 23 1882

Thank the card box of our paper of  
the 1st that a pair of paper in one of our  
table-cases. I have got one book to the  
room another book, cut to size, one paper  
and a pen-knife. The ink is not good. I  
am quite to find in the house a bottle  
of spirit to be it. This paper, but  
the pen and notebook is there, and finally  
the pen will not write the words of  
writing it. H. W.
