Montreal, Nov. 7<sup>th</sup> 1882

My dear Dr. Dawson,

your note of yesterday has just reached me. As I leave at three o'clock for Quebec and don't expect to return before Saturday at the earliest, and as on my return I have an important criminal case fixed for Tuesday next, I fear I will not be able to touch the proposed Act till after my case is concluded which I think will be about the 17<sup>th</sup> or 18<sup>th</sup> current. Any day after that which would suit you to give the matter your attention will suit me. I will either go and see you or you can come and see me, when by devoting an hour, we can put the clauses in shape to be printed.

Very truly yours.
