

New Haven, Nov. 25 '82

Dear Dr Dawson

I have received
the "early copy" of your
article on the fossil skeleton
of a whale, to appear in
the Canadian Naturalist,
and will with pleasure
publish it in the Jour.

Sci. in our February no.,
if not in that for January
which is full & more so
if the articles promised,
or rather the long one,
comes to hand.

Thanking you for it
I am yours very truly
P. D. Dana

Jana
