

Pennore
Nov 30/82

Dear Sir

I was surprised to find
by your Letter that you had forgotten
your agreement about the Case of Hawks.
I have your Letter wishing me to see
Pennore about the Case of Hawks and ask
him if he would give them up. and you
would take them, and earnest your
office and told you that Pennore had
nothing to do with them. you said
you would take them at the price
of £600 but could not take them
untill the Amusement was ready.
as for the Eagle and other Birds
I did not intend to let you have
them instead of the Hawks. I would
not give them for all the Case of Hawks

Its a sad loss to me they birds were
badly damaged in coming to Toronto, and
the glass broken. I would rather let you
have the Hawks at your price. say
\$1.15 instead of \$3.00 as they would
be so badly ~~ruined~~ about in canage
I do not want you to take the loss
but if you wish to have it you can
have it for \$5.00 instead of 10.00
your answer will greatly oblige

Yours truly J. W. Dawson
