

Wolfeville Nov. 30. '82

My Dear Sir: -

Your favor
received a few days since.
I want to thank you most
sincerely for the books, ^{& pamphlets} which
accompanied it. Several of the
latter will be of special value
& interest to the Academic
Dinner Club. I shall be glad
to receive the "memoir of sub-
carboniferous reptiles" when
published.

As I spent most of the
previous summer studying
in the States I was able to
spend only a day or two at

Horton Bluff. Found teeth
& scales in abundance &
some more scratches such
as I sent you last Spring,
but nothing new. I hope
to be able to spend some
time there next summer.

Our paper giving
statements of the Club
will be out in a week or two.
I will send it you in order
that you may see what
we propose to do & how to
do it. I think you will
admit that the primary
motives - that of encouraging
some study - is a good one.

Any encouragement that
you might feel disposed
to give the Club in any
way would be of great benefit.

with one & thankfully received.

Yours very truly
A. J. Stone
