No. 4 Winthrop Place, New York, Jan. 16th 1883.

Rev. and Dear Sir

We feel, deeply,
that we cannot let the next Summer
Course go past without a Lecture
from you. Our objects are fully known
to you; and I dare say by correspon-
dence heretofore our offers in substan-
ce. There will be this year two Sum-
mer Courses, at least; one at Richfield
Springs, N.Y., and one at Atlantic
Highlands, N.J., on the coast. For
either our offer for next summer is

\$50., with entertainment during one week
if desired by the lecturer, and rather
desired by the Institute in the interest of
its afternoon conversations, and a return
of both fares paid on the N.Y. Central
and Hudson River R.R. The compensation
is paid on the delivery of the MS to the
secretary for publication in the Journal
of Christian Philosophy, our greater audience
being the world not able to gather at
the catering-place for the purpose of listen-
ing to the lecturer. For this purpose
should be of permanent value as a
defence of Christian Faith or as a con-
tribution to Christian evidences, and
adapted for further separate issue in
a series of selections from the Journal
similar to the Present-Day Tracts of
London - Hoping you will no longer defer
engaging with us in this good work
Imman
Dr. J. W. Dawson, Montreal, Can. Very truly yours J. A. Cairne.
