G. Dawson

Dear Sir.

I see in the Gazette
to day that the Roman
Catholic Council of Public
Instruction recommend that
the consideration of the
educational measures should
be deferred till next Session.

Yours truly
Hicks

placing of the professors
and teachers of the Normal
Schools on the Civil Service
list is the object of the
Government, could not
influence be used to have
these officers taken from
the Pension act and in
this way set aside all difficulty
in the matter?

Yours Truly
