J. PETER LESLEY, State Geologist.
1008 CLINTON STREET, PHILADELPHIA.

Feb. 10 1883

My dear Prof. Dawson

I am ashamed to find in a pile of unanswered letters your note of Nov. 3/82.

I send you one of the three or four copies which I possess of the Text of Lesjuneux's Flora & of P. White & Fontaine's Permian flora. I have nothing to do with the distribution of the 60 volumes of Reports already published. All that is done by Hon. W. A. Ingham, Com^r & Sec^y of Board ~~Com~~ through his clerk F. W. Forman, office 223 Market St. Harrisburg (as you will see by schedule at back of Reports.)

I have been worked incessantly & hard since last April & am fatigued. Now, when I hoped for rest, come a new Appropriation bill & an investigating Committee. Pennsylvanians wish to know if it be worth while to continue the Carbonate Survey. — wish also to know where \$420,000 have gone to, or gone for. This is not only right, but will greatly profit the Survey by making it understood.

Yours faithfully
Lesley.

Second Geological Survey of Pennsylvania.
 J. W. Dawson, District Geologist, Philadelphia.
 J. PETER LESLEY, State Geologist.
 1008 CLINTON STREET, PHILADELPHIA.

Feb. 10 1883

My dear Mr. Brewster

I am extremely pleased to find in a note of
 your recent letter your interest in the
 subject of the life of the Pennsylvania
 White-throated Sparrow. I have
 to wait the publication of the 60 volumes
 already published. It is being
 published by the Board of Geology
 in charge of the Survey, Office 223 Market St.
 Philadelphia. You will find by reference to
 the report of the Survey for 1882, that I
 have been working incessantly to find
 out the life of the White-throated Sparrow
 in the State of Pennsylvania. I have
 been very successful in my investigations
 and have been able to determine the
 habits of the bird in the State of
 Pennsylvania. I have also been able
 to determine the habits of the bird
 in the State of New York. I have
 also been able to determine the
 habits of the bird in the State of
 Ohio. I have also been able to
 determine the habits of the bird
 in the State of Maryland. I have
 also been able to determine the
 habits of the bird in the State of
 Virginia. I have also been able
 to determine the habits of the bird
 in the State of North Carolina. I
 have also been able to determine the
 habits of the bird in the State of
 South Carolina. I have also been
 able to determine the habits of the
 bird in the State of Georgia. I
 have also been able to determine the
 habits of the bird in the State of
 Florida. I have also been able to
 determine the habits of the bird in
 the State of Alabama. I have also
 been able to determine the habits of
 the bird in the State of Louisiana.
 I have also been able to determine
 the habits of the bird in the State
 of Mississippi. I have also been
 able to determine the habits of the
 bird in the State of Arkansas. I
 have also been able to determine the
 habits of the bird in the State of
 Missouri. I have also been able to
 determine the habits of the bird in
 the State of Illinois. I have also
 been able to determine the habits of
 the bird in the State of Indiana.
 I have also been able to determine
 the habits of the bird in the State
 of Kentucky. I have also been able
 to determine the habits of the bird
 in the State of Tennessee. I have
 also been able to determine the
 habits of the bird in the State of
 West Virginia. I have also been
 able to determine the habits of the
 bird in the State of Maryland.

Very truly
 yours
 J. W. Dawson

Yours faithfully
 J. W. Dawson
