

GOVERNMENT HOUSE.

OTTAWA.

21st Feb. 1883.

Dear Principal Dawson.

I have delayed writing
in hopes of giving you definite
information with regard to the grant,
but cannot do so as yet. I must
however state there will be no
difficulty - I have no collection
of B. C. Indian articles - Two
masks & a chumie fiddle

from my coldy food in
that line, I must
rely upon the scientific
I literary members for all the
addenda of the year.

I have always been
against a full meeting of
the British

Association here - Such a number
of foolish men attend these
meetings - What we want is

think a delegation, managable
in numbers and respectable in

talent.

Believe me

Yours Truly
K. O'Brien
