

Wuteaucer
GEOLOGICAL & NATURAL HISTORY SURVEY.

Alfred R. C. Selwyn L.L.D., F.R.S., Director.

MUSEUM & OFFICE, SUSSEX ST. OTTAWA.

May 17th 1883

To Principal Dawson C. M. G., L. L. D., &c.

Dear Sir,

It was in consequence of a suggestion made by you, ^{to me.} in the spring of last year that I prepared the paper on the Gaspé Sandstone tracks for the meeting of the Royal Society of last year. At that meeting large photographs of our specimens of these tracks were exhibited, & although time did not permit the reading of the entire paper, it was formally taken as read, & the principal points in it were explained verbally. Moreover, in the published transactions of the said Society the name of the paper is given in full

as having been presented, accepted & taken
as read.

Yours very truly,
J. F. Whiteaves.
