

Ottawa,

29th May, 1883

Dear Dr Dawson,

I have received \$20
from you as fees for Life
Membership in the Royal
Society.

I have asked Dr Hunt
who left yesterday to see Mr.
Chaceau about taking immediate
measures for publication, as
far as I can judge the papers,
if all published, will not make
a large volume.

Mr. Kemp sent me
\$20 for Mr. Haanel.

I regret personally you
are no longer President; your
experience in Society's render
you especially useful.

I have received your
account, & will have it
attended to at the earliest
practicable moment

The paper by
Mr Chalmer's of N.B. is in
B. Selwyn's hands; I
shall get it back

Yours sincerely,
Joseph Bowditch

Bourmont
