Dr. J. W. Dawson

My dear Sir,

I have just
written to Dr. Sterry Hunt
of Philadelphia's plans
regarding the combined
meeting of the two great
Associations.

Our citizens are enthusiastic
on the project, and will
pay all expenses of our
foreign visitors, both as

to travelling and hotel
expenses if they will
come to us. Excursions for
both Associations on a
large scale will be provided.
It is to be hoped that
the American Association
will accept our invitation
and that nothing will
prevent the British Association
from joining with them
immediately after the
Montreal Meeting —

Very respy;

H. Carill Leeds.
