

High School  
June 2<sup>nd</sup> 1883

Dear Dr Dawson

Many thanks for your  
kind note of yesterday. I am very  
glad you found some of our pupils'  
papers in Science satisfactory.

I do hope an opportunity will  
offer at our closing exercises for  
you to say a few words in favor of  
Elementary Science for Schools.

This department very badly needs  
a little encouragement.

Yours truly  
J. T. Donald
