

Alma 3rd Sept, 1883

Dear Dr. Dawson,

I send you a copy of the Resolution of the P. S. C. with respect to the British Association. I sent it to the Secretary last evening. She has acknowledged its receipt, & expressed his hope that the delegates will be present at the September meeting. I mailed his note to Dr. Hunt, who was to show it to you.

I hope the printing is going on satisfactorily. If Shawcross is going away, he should let me know, as we must draw all the money before the

1st of October, when the
grant lapses, The cheques,
as you know, require our
joint signatures.

yours sincerely,
John G. Bourne
