My dear Sir

You may remember
that we were way
down from the west
we had one or two
conversations on
the subject of the
Coal or medicine
that and that I
informed you that
I was
personally

2,
personally interested
in one of the mines
there.

We are now engaged
in forming a
company for the
purpose of developing
this mine, and
as you spoke so
favorably of the
coal, I venture to
hope that you will
ask to advise to
giving us a
written opinion in
general terms

3.

As to what you
think of the coal
and its value for
economic purposes.

I need not assume
you ~~are~~ your opinion
on this matter would
be of some great
value to me, and
that if you do not
object to giving it, I
would esteem it as
a some great favor.

Believe me

Yours very truly
