My dear Sir

I have just returned to
day from Cornwall where I have
been inspecting farms in outlying
districts. I hope you will attend
the Society on Wednesday next as a
preliminary to my quest of having it
5-45 & I can then ascertain whether I
can in any way promote your convenience
or secure the pleasure of a visit from
Mrs Dawson & your daughter as well
as yourself. Professor Dancy is my
neighbor at Hampstead & he must try &
arrange a meeting.

Yours faithfully

J. R. Cotton
