Combar Street,

London. 30 Nov - 1889

My dear Sir.

I have to express my sincere
thanks for the receipt ^{and copy} - from you
publisher of your well known
work "Fossil shells" -

Believe me the pleasure of
downing its contents will be
much increased by the kind feeling
which prompted the Author to
place it in my hands -

With many thanks

Yours truly

My dear Sir

I have to inform you that
I have for the present
suspended the publication of
your well known
work "Street Atlas"

because on the occasion of
examining the contents
of the same I have
observed several
errors in the
arrangement of the
names of the streets
and in the
numbering of the
houses.

With many thanks

Yours truly

A. Ashworth
