

enthusiastic lover of  
intellectual studies -

His Museum as a  
private one is one  
of the most remarkable  
and interesting in Europe.

The Collection of Mexi-  
can antiquities specially  
collected in Mexico  
by an English <sup>man</sup> ~~gent~~  
in Mr Buckhouse's  
service are simply  
matchless - Then  
besides the private

Museum of my  
 friend which is a  
 building specially  
 erected to hold &  
 display his collection,  
 the York Museum  
 has of late years been  
 enriched both in  
 Greek and Roman  
 antiquities by some  
 of the most interesting  
 objects that can  
 be seen in any  
 part of the world.

of this immense and  
Splendid Collection  
he has very recently  
made over to the
