

Beruit, Feb. 13, 1884

Principal Dawson,

Dear Sir,

I write to reiterate the invitation given by Dr Bliss, for you and Mrs. Dawson to spend the time of your stay in Beruit at our house. My neighbor, Dr. Dennis, whose house is just across the way from ours, wishes the pleasure of entertaining your daughter. As Dr and Mrs. Dennis are our most intimate friends, and we are so near each other, you will hardly realize that you are in different houses. Our children have even established a telegraph between the two homes, so you can have hourly

bulletins if you like.

Looking forward with no little
pleasure to the prospect of
the visit,

believe me dear Sir,

respectfully yours,

George E. Post.

P.S. It may interest you as a
naturalist to know that our
house is close to the College,
where we will be able to show
you the work we are doing in this
line.
