My dear Dr Dawson

Your letter just received is quite satisfactory, and will I think remove all difficulties. We were losing heart here from the seeming impossibility of even guessing when to expect our visitors; or how many to prepare for.

Pardon a mere line. You are a busy man yourself, and can feel for one much overburdened at present with work; and surely in need of

of a holiday.

I hope to run away on Tuesday - perhaps to the Adirondacks, or the White Mountains; or to any lodge in some vast wilderness out of reach of the post, telephone, telegraph; and all other means of summoning to business.

I congratulate you on the near approach of a happy reunion

in the principal's Home.
Mrs Wilson & Lybel
send anticipatory love
& welcome to Mrs Dawson
& Eva; in which I
heartily join.

We have a good local
Committee here. I shall
set them now to work
with a will.

Yours faithfully

Dan. Wilson

P.S. Do you purpose going
to Philadelphia? I have
an idea that I ought to
go.

Wilm
