Sept. 30th 1884.

My dear Sr. Dawson,

We have exceedingly
pleasant memories of
your lectures here in
1880. on the principle
- if it be a principle,
that one good turn de-
serves another, our
Faculty have instructed
me to invite you
to give us another

series of lectures, some =
time during the coming
winter.

A friend of the Society
has given us \$250 for
this purpose. We have
thought that perhaps
you might be willing
to give us three or
more lectures, on a
subject that you might
select. It will give

in great pleasure to see you here again
& the mill is down to make your visit
as agreeable as possible. You could
what you are to do, with the night
reception of the ^{two} marks of the stars &
from your looking,

Very respectfully & truly yours

Arthur J. Johnson.
