

Bank of Nova Scotia.

Pictou 29th Jan'y 1885

My dear Mr William

I am in receipt of your favor of 23rd Inst. and enclosures & now return the copy of your letter to Gov: Richey as requested. I have taken a copy of it in case it might be needed here for reference. There can be no question as to the injustice of the proceedings but as understood from Mr Holmes that the Gov: had acted within the law and that the best way was to make the best terms we could with them. I shall be very glad however if your representations be-
monstrances to Gov: Richey have the desired effect. I should be very glad to learn from you Mr Thompson's opinion in the matter and if I can be of any service in securing your rights please let me know. meanwhile I shall carefully preserve the papers connected with the affair. It would be well to get an early decision if possible as the proceedings in escheat are known & plunderers may be encouraged to cut wood of the lot.

Yours faithfully
W. Primmer

Sir W. Dawson McGill College Montreal

I must mention in to keep an eye to the lot.
