Printing and Publishing Company (Limited),

Herald Building, Victoria Square,

Montreal, Feb. 8th 1885

Dear Sir

Mr Mitchell, who is in
Ottawa, desires me to acknowledge
the receipt of your note accompanying
the copy for The Herald about the
Geological Survey and to explain
that the policy of The Herald last
year of Mr. T. was to support the
enquiry ordered by the House of
Commons. The Herald also sup-
ported the conclusions reached by
the committee. The position of the
paper at present is consistent
with that of last year: we
ask that some attention be
paid to the Special Committee's
report

report which has gone to the world
with the imprimatur of Parliament.

Your court will appear
tomorrow, Tuesday, morning. Owing
to the space taken by the Taluaz
in today's paper had to hold it over, with
some other correspondences.

As The Herald has no desire
to do D'Selwyn or the Survey any
wrong it will give me pleasure
to insert anything of reasonable
length, that may be offered on ~~the~~
~~that~~ side.

I am
Yours very
Wm Livingston
"The Herald"

Sir J. W. Dawson
