Sunderland

May 11th

Dear Sir William Dawson,
I write to ask you
whether you could
present the Museum
at Calcutta with a
specimen of the
"So you". They seem

To me to have very few
specimens of fossils
found in Canada, &
I am sure that if you
have any to spare, they
would be gratefully
received, but this
particular one. I
promised to try &

procure. If you could
find some one to take
charge of it in England
it could then be shipped
on straight to Calcutta,
to my address.

We were so glad
to find your son on
board the "Tasmanian"
you will have heard
from him what a

Pleasant voyage we
had. With my
kindest remembrances
to Andy Dawson

I remain yours
Sincerely

Garret Dufferin
