

Pictou 2<sup>nd</sup> June 85

My Dear Sir William

I duly rec<sup>d</sup> yours of 20<sup>th</sup> ult: and have since ascertained from Halifax that matters regarding the land at Salmon River remain in same position as when I wrote you in the autumn of last year. i.e. a new grant will be issued to you on payment of \$120. I have written a party who agreed at one time to purchase the lot at \$200. If he holds to his intention I will sell to him. Take out the grant and get Deed written out for your execution & remit you balance after paying for the necessary legal expenses. Will this meet your approval and would you kindly advise me at what date you intend leaving home this year so that if I get <sup>can, I may</sup> matters in train in good time.

We are all well - as are your other friends here. Mr Brown & wife join me in kindest regards to you & your home circle

Your faithfully  
J. Primrose

Miss & Mrs Fraser inform you that Mary's case has been finally associated with the Bonnes at Salmon River 1885
