Dear Sir:

Since I wrote to you
some weeks ago in reference to
your portrait and biographical
sketch for Man, we have
decided upon a change & Man
in October will be issued in mag-
azine form, and we purpose
making it a very attractive mag-
and the Sanitary Journal (now in
its 12th year) will be amalgamated
with it. Will you kindly let us
have the cut & any matter or data
for the bio. sketch - in addition to
what may be obtained in the library
here - early in October? We are most
desirous of having yours for first issue
of the mag. We would like any inci-
dents of early life, &c. &c. and if there were
any one in Montreal a friend of yours
who would assist us a little I should be
very glad & obliged. Hoping for an early reply
I am Sir very truly
Yours
Wm. Dawson
