Lin William Henson

Your Book came safely to  
hough thank you very much  
for your kind remembrance  
of me in thinking of sending  
it. We see you & come  
often in Paris and the  
boys & girls are so glad  
to know that you are  
always able to be about  
and do good work for  
the Master still may  
you be long & pleased to  
be a blessing to your  
family and the world  
As for ourselves  
we are well and able  
to be about and enjoy  
life in a quiet way  
I have been in the Court  
a little this Summer

and have returned

Home again

I trust all  
of your family are well  
it must be pleasant  
to have her still with  
you she is the only one  
I understand left to  
you now of your family  
for company which must  
make it pleasant to  
have at least one

and then Anne and  
her family must be  
great company to you.  
She has such lovely  
little children and giving  
you their photographs  
would you be kind  
enough to remember me  
to her when you see  
her & after look at her

Picture and thank  
her for them and you  
son William be kind  
enough to remember me  
to also George is now  
away from you I hope  
he is well

And now with many  
thanks and my kind wishes  
to yourself and in answer

And every one of your  
family not forgetting Eve

I remain your  
Very Sincerely

H. Stewart
