

12th October .

Rosemont
Ulundi Road
Blackheath -

Dear Sir John

I thank you very much for the very kind response you have given to my letter about my dear friend Mr. Haslam - and am very glad to hear so good an account of yourself and of all your party -

I knew my old friend of Boundary Commission days had increasing humor, coming upon him - but not being quite sure of the exact title I was shy of addressing him. - Please remember me most warmly to him - I sometimes wish I could

in his company, visit the Dear
West again. —

We have been much concerned
by the terrible accounts of the
Small pox and its attendant
evils in Montreal — but trust
that you and yours have
been spared all immediate
anxiety — The passage in your
kind letter telling of the
cordial welcome given by the
Clergy of Montreal to Mr. Newbourn
was very gratifying — and I do
trust the Blessing of God
accompanied all the words
that His servant uttered —

I hope you will have met him

ere this — a letter received
today tells me he is at Orillia;
& I suppose he is now likely to
winter in Canada —

My wife desires her kindest
regards to you & Lady Dawson.
— We neither of us forget your
kindness to us years ago when
we passed through Montreal
— and to her I would ask
to add my cordial remembrances
with especial regard to
Dr. Dawson now in Vancouver's
Island —

Believe me

Yours very faithfully
K. J. Rowe —
