

McLee

Minneapolis 19 Nov 1883.

My dear Sir

I have been absent in
Dacotah for a week. Upon my
return I found awaiting me
here a letter from my Winnipeg
correspondent stating that
Messrs J. W. Mitchell would
not recollect knowing any of
Dr Rankine Dawson's effects
in their charge, and would not
find any in their office. They
said, however, if you would
mention what articles were
left with them they might be
able to find them or remember
about them. I shall be pleased

to communicate with them
any description or enumeration
of effects left with Messrs
Lusk & Mitchell, which you
may ascertain from Mr
Rankine Dawson and to
have them forwarded to you

There was no charge upon
the other articles

Yours very truly
H. A. Macfee

Mr Wm Dawson
