My dear Sir,

My recent address in
"the N. Atlantic as a geological
Basin" is not yet published
- I expect however to be able
to send you a printed copy
in about 3 weeks for review
& think that will be in time
for your purposes -
With this I send you
my previous address there
is a certain continuity which
shows as I have worked for

and then to another in my time
- before I have proceeded -

I am glad to hear of
is to be in the first rank
next year & to have an
able reputation

Yours very truly
J. William Keble
